

Training on Drudgery Tools and Integrated Farming

CUTS and Maharana Pratap University of Agriculture Technology (MPUAT) organised a training session in Laximpura Gram Panchayat on May 02 and June 27, 2024 respectively. R A Kaushik, Director of Extension Education at MPUAT; K D Ameta, Associate Professor of Vegetable Science; Latika Vyas, Home Science Extension; Ratan Solanki, Chief Scientist at Krishi Vigyan Kendra (KVK) Chittorgarh; and Adarsh Sharma, Programme Officer, were main speakers.

They demonstrated innovative farm tools and machinery to reduce drudgery and encouraged participants to adopt these practices to increase farm incomes. They also discussed integrated farming, including poultry business, vegetable production, nursery plantation, and the importance of millet products. Over 75 women attended and agreed to start activities with technical support from KVK, Chittorgarh.

Observance of World Health Day

World Health Day was observed in Chittorgarh, Banswara, Bhilwara, and Pratapgarh with the theme 'My Health, My Right.' The event aimed to discuss health-related issues and advocate for access to quality health services, education, safe drinking water, clean air, good nutrition, quality housing, decent working and environmental conditions, and freedom from discrimination. A total of 200 participants attended the event.

Baseline Survey

As part of the 'Improving Farm Incomes and Resilience of Farmers in Chittorgarh through Technology Dissemination and Value Addition' project, a baseline survey was completed, targeting 500 members, with 25 percent being women and including ST/SC/OBC participants.

The survey gathered information on crops, livestock, allied enterprises, adoption of technologies, labour costs, reasons for non-adoption of technologies, farm incomes, and value chain development challenges. The project aims to reduce drudgery in farm operations, build the resilience of marginalised farmers through integrated farming systems, and increase farm incomes through value chain enhancements.

Promotion of FPOs

CUTS is promoting Farmers Producer Organisations (FPOs) across five districts, with the support of the Small Farmers' Agribusiness Consortium (SFAC), the National Bank for Agricultural and Rural Development (NABARD), and the National Cooperative Development Corporation (NCDC).

This initiative aims to foster sustainable, income-oriented farming and enhance the socio-economic development and well-being of agrarian communities. Our efforts focus on increasing productivity, improving market linkages, and providing effective capacity building to cultivate agricultural entrepreneurship skills and self-sustainability. Currently, a total of 18,000 farmers are members of these FPOs, with the ultimate goal of increasing their income.

Institutional Training for FPOs

An institutional training session was held for FPOs in Pratapgarh on April 09, 2024. Madan Lal Keer discussed input and output updates and business promotion plans. Resource persons, including Yogesh Kanodia (Chief Scientist, KV), Rajaram Sukhwani (Deputy Director, Horticulture Department), Jawahar Lal (Mandi Secretary), and Vinit Kumar Shukla (PMFME), delivered sessions on business planning, credit linkage, marketing platforms, best agricultural practices, value addition in crops, integrated farming, and statutory compliance. A total of 34 persons attended.

E-Commerce and Social Media Marketing Training

A training session for marketing products on E-commerce, Social Media Platforms and Open Network for Digital Commerce (ONDC) was held at Bhilwara. Four resource persons covered the basics of e-commerce, onboarding processes, documentation, and operations.

District Development Manager, National Bank for Agriculture and Rural Development (NABARD) discussed the role of digital generation in developing business enterprises. Rural Self Employment Training Institute highlighted how new technology advancements enable FPOs and SHGs to reach wider markets and earn good profits online.

Rajivka Coordinator emphasised the opportunities for SHGs and women entrepreneurs to understand and use e-commerce effectively. The Agriculture Director noted the rapid increase in internet users and its impact on business profits. A total of 35 persons attended.

Household & Infrastructure Survey

As part of the 'Supporting the Transition to a Low-carbon, Affordable, and Inclusive Transport System' E-Vehicle project in Jaipur, a mobility needs assessment was conducted in Bharatpur, Pratapgarh and Banswara districts.

The survey aimed to identify consumer needs and perspectives on the current mobility landscape and the potential of electric vehicles (EVs). Stakeholder consultations with public and private sector representatives identified gaps and barriers to extending the benefits of electric mobility beyond city centres. A total of 250 surveys were conducted.

Consumer Education Workshop

A Consumer Education Workshop under the Telecom Regulatory Authority of India (TRAI) programme was held in Deeg, Bharatpur division on May 24, 2024. Rajendra Mahurey attended the workshop, which aimed to educate consumers on tariffs, value-added services, mobile portability, and redressal mechanisms. Telecom service providers addressed consumer concerns, raising awareness about telecom services. A total of 55 persons attended.

The programme aims to educate consumers on various aspects, such as tariff, value-added services, mobile portability, and redressal mechanisms. Consumers raised several issues where telecom service providers addressed their concerns. A total of 55 persons attended the meeting.

Grassroots Philanthropy Impact Meeting

A Focus Group Discussion (FGD) with 18 local philanthropists, five in-depth interviews, and the development of three case stories were held in Chittorgarh on June 05-06, 2024. The meeting aimed to understand the philanthropy landscape, its types, and motivations in the area. Participants provided valuable insights, and several successful cases were identified and prepared as success stories.
